

# GRAB LITE

## THE FULL-SERVICE TIPPER BODY THAT'S STREETS AHEAD

GrabLite is the lightweight, multi-purpose Charlton tipper body that handles just about anything. Similar to SuperLite but with a flat floor, GrabLite is offered with a wide choice of cranes and grab equipment making it the ideal body for payload conscious rental, utility and highways work. Whether for 6x4s or 8x4s, super - tough GrabLite simply delivers more. **It's that easy!**

*"It's not just that the Charlton product is exceptional, but so too is their capacity to deliver a fully engineered and finished product where everything is built and fitted together at their factory. With the latest Euro 6 trucks adding another level of complexity, Charlton has again shown its technical expertise in being able to produce a vehicle package that's genuinely 'state of the art.'"*

*From design to delivery, Charlton has an outstanding capability to produce exactly the trucks we want, trucks that will then go on to return years of reliable and productive service."*
